

North Central

The following is a compilation of recommendations from city plans and project lists that may be eligible for UIRF funding. Area commissions, civic associations, and other organizations that are considering applying for UIRF funds should utilize this list as a starting point when considering potential projects. Additional general ideas for potential projects are listed in the document titled "[Generalized List of Potential UIRF Project Ideas](#)".

Recommendations from city plans from the following list (noted as such) have received considerable neighborhood public input, have been recommended by the local area commission, and have been adopted by City Council as policy for the given area/neighborhood.

Recommendations from the portion of the table titled "Other Potential Project Ideas from City Project Lists" have come from staff developed recommendations that are consistent with city plans and/or address other city capital improvement priorities.

Applicants for UIRF funding are not required to restrict themselves to a proposal from this list. This information was compiled by city staff in order to assist neighborhood organizations in developing project ideas, but the city does not guarantee that there may not be additional potential projects within a neighborhood's plan or from other sources. Neighborhood organizations should review their plan and other information themselves in order to better understand the recommendations from this list and perhaps identify other potential project ideas. Choosing a project from this list does not guarantee funding, but projects chosen from the list will be weighted in favor of projects not from the list, per the City's UIRF [Criteria Rating Form](#).

| The North Central Plan (2002) Recommendations | Plan Page Number |
|---|-------------------------|
| Repair such as repaving and filling potholes, North Central's major corridors. These include Joyce Avenue, Woodland Avenue, Fifth Avenue, Sunbury Road, Seventeenth Avenue, Holt Avenue, and Mock Road. | 33 |
| Repair, such as repaving and filling pot holes, North Central local streets, including Brentnell Avenue and Woodward Avenue. | 33 |
| High priority areas for sidewalks include streets that lead to schools, have bus stops, and/or have high levels of pedestrian usage. These areas include Joyce Avenue, Woodland Avenue, Brentnell Avenue, Fifth Avenue, Sunbury Road, Woodward Avenue, Seventeenth Avenue, Holt Avenue, and Mock Road. Sidewalks must be incorporated into all road improvement projects. It is the consensus of the community that asphalt paths are not an acceptable alternative over concrete sidewalks. | 34 |
| Other Potential Project Ideas from City Project Lists | |
| Parkland general improvements, including Avalon Park, American Addition Park, Brentnell Park, Shepard Park, Hayden Park. | n/a |
| Joyce Ave improvements phases 2 and 3 – These phases (phase 1, which is at the Joyce/ Hudson intersection is currently under construction) would improve Joyce Ave with curb, gutter and sidewalks. These phases would go from 12 th Ave to Kenmore Ave on Joyce. Project would cost more than \$500,000 limit, but the neighborhood could partner with the City on funding if this project were identified as a priority. | n/a |
